ANTI-LIGATURE LINEUP

Speakman's anti-ligature products deliver that sleek look and relaxing water flow you've come to expect from a shower system -- while also delivering the utmost in personal protection.

ANTI-LIGATURE SENSOR FAUCET

- All above-counter construction
- Valve is placed horizontally for easy temperature adjustment
- Power supply, DC/AC, three AA batteries in battery case and AC-optional
- Faucet activated by hand movement under the faucet
- 0.5 gpm flow rate

ANTI-LIGATURE SHOWERHEAD

- Durable solid brass construction
- Ligature-resistant, accepted by OMH
- Equipped with 60 full-coverage sprays
- Available in 1.75, 2.0 or 2.5 gpm flow rates

ANTI-LIGATURE SHOWER VALVE TRIM

- Corrosion-resistant polished, chrome finish
- Easily compatible with our CPV-PB pressure-balance valve (not included)
- One-piece design, handle is not removable

ANTI-LIGATURE SHOWER PANEL

- Corrosion-resistant, polished chrome finish
- Easily compatible with our CPV-PB pressure-balance valve (included)
- Utilizes our S-2460 anti-ligature showerhead (not included)
- Uses our CPT-SAL3200 shower valve trim (included)
